Not all of this is brand new

• The “new normal” may seem like it is not normal at all but in many ways, we can use what we already know about our job as a school counselor

Thoughts As We Get Started

• Think about your specific population, not someone’s on Instagram or Facebook
• Basic needs first priority
• Focus on relationship
• Not overwhelming
• Think about your yearly/monthly/weekly calendars before COVID-19
  – In what way can they stay the same?
    • Frequency of lessons

Once kids have imagined a place in their head, have them draw their happy/safe place. They can then put this up in their calm/cozy corner, in their room, etc.
