***What’s the difference between CEUs and contact hours?***

District/state terminology and conversions vary, which is why ASCA offers two “types” of continuing education—CEUs and contact hours. Industry standard usually states that 1 CEU is equal to 10 hours of educational content, while 1 contact hour equals 1 hour of educational content. Specialist Trainings usually take about 50 hours to complete so they are worth 50 contact hours OR 5 CEUs.

***Can taking classes with ASCA count toward state recertification requirements?***

All states/districts have different requirements as far as continuing education and recertification. Review requirements on [this page](#) to see a state-by-state breakdown. While we do try to keep this information updated, states do periodically update their laws, so it's always a good practice to check with your state's Department of Education or the equivalent. Most states accept ASCA professional development offerings without issue. However, if you experience issues, know that most, if not all, states accept graduate credit for license renewal and most of our Specialist Trainings and the ASCA Conference offer graduate credit.

***Can I use ASCA U Specialist courses to maintain my NBCC accreditation?***

Yes, the American School Counselor Association (ASCA) has been approved by NBCC as an Approved Continuing Education Provider, ACEP No. 1005.

***How do I receive Clock Hours (for Washington State) for ASCA's professional development offerings?***

The state of Washington has different requirements than most states and only accepts Washington Clock Hours. Fortunately, the Washington School Counselor Association (WSCA), an approved clock hour provider and ASCA state affiliate, converts ASCA CEUs to clock hours. Details are found [here](#).

***How do I receive ACT48 Hours (for the state of Pennsylvania) for ASCA's professional development offerings?***

The Pennsylvania School Counselor Association (ASCA's state affiliate) will assist in CEU conversion to ACT48 hours. After taking an ASCA, [contact PSCA](#).

***How do I receive SCECHs (for the state of Michigan) for ASCA U Specialist Trainings?***

The Michigan Department of Education has approved ASCA U Specialist Trainings to earn SCECHs, however, you will need to work through the Michigan School Counselor Association (MiSCA) to earn SCECHs. You must be a member of the Michigan School Counselor Association, and there is a \$145 fee associated with the reporting of the SCECHs. Instructions [here](#).
