Are my graduate credits earned through Lindenwood for the completion of ASCA U courses suitable for transfer credit or academic requirements for state licensure or certification?
Any graduate credit hours earned through these classes will not be suitable for transfer into any graduate degree program in counselor education; nor is it intended to satisfy the academic requirements for state licensure or certification. However, they may be applied, in most cases, to satisfy continuing education or professional development to meet licensure requirements or renewal. Graduate credits are nonrefundable, so participants are strongly encouraged to verify with their own state education boards, human resource/professional development coordinator, or academic institution to determine if this graduate credit is applicable.

I passed an exam but my score isn’t updating.

What's the difference between CEUs and contact hours?
District/state terminology and conversions vary, which is why ASCA offers two “types” of continuing education— CEUs and contact hours. Industry standard usually states that 1 CEU is equal to 10 hours of educational content, while 1 contact hour equals 1 hour of educational content. Specialist Trainings usually take about 50 hours to complete so they are worth 50 contact hours OR 5 CEUs.

Can taking classes with ASCA count toward state recertification requirements?
All states/districts have different requirements as far as continuing education and recertification. Review requirements on this page to see a state-by-state breakdown. While we do try to keep this information updated, states do periodically update their laws, so it's always a good practice to check with your state's Department of Education or the equivalent. Most states accept ASCA professional development offerings without issue. However, if you experience issues, know that most, if not all, states accept graduate credit for license renewal and most of our Specialist Trainings and the ASCA Conference offer graduate credit.
